

STRATEGIC PLANNING MEETING
2020-2021 BOARD YEAR

MARY PIERCE
PRESIDENT

WASHINGTON ASSOCIATION OF HEALTH UNDERWRITERS

Our Mission

The Washington Association of Health Underwriters promotes the highest level of professional and ethical conduct amongst its membership.

We deliver education, public policy information, and policy recommendations to our members.

In addition, we advocate consumer choice, and accessible and affordable quality health care for our communities.

WHAT IS OUR VISION?

We want to be a valued and trusted partner for our industry

How?

Provide timely, valued and engaging information by creating and delivering dependable communication to our membership through multiple channels

Demonstrating our value will help attract and retain members and elevate our presence in the insurance industry

We want to provide industry professionals with growth opportunities

How?

Develop an Emerging Leaders program to identify and mentor the next leaders in our industry and promote engagement in Health Underwriters.

In order to keep delivering consistent value to our members, we need to engage and develop the future leaders of our Association.

We want greater partnerships between our regional, state, and local Associations

How?

Develop an annual (or bi-annual) 360° Round Table Leadership event.

Bring together Regional, State and Local Association leaders, working together and in breakout Committee teams, to develop and share best practices and create new ideas to engage and provide value to our membership.

By developing stronger relationships between our Regional, State and Local Associations we create more dynamic, engaged teams and provide greater resources and opportunities to our membership.

**Thank you
Lisa Thomas!**

You took on the role of President with little preparation or resources, but jumped in with both feet.

Thank you so much for taking us on and keeping us moving forward!
